SPECIAL ANNOUNCEMENT FOR SPRING TERM

Knowing that a great many teachers are expecting to attend Alabama College during the Spring term, we have made arrangements to put in special classes for their convenience. Classes will start at the beginning of the Spring quarter, March 23, in the following courses:

- Art for Teachers
- Child Psychology
- Classroom Management
- Elementary Methods
- English
- General Psychology
- History
- Introduction to Teaching
- Methods of Teaching English in High School
- Methods of Teaching History in High School
- Methods of Teaching Mathematics in High School
- Nature Study
- Physical Training
- Public School Music

There is no intermission between the Spring and Summer terms at Alabama College. A student entering March 23 may finish six months of work by August 25.

Six months work at Alabama College may raise a second class pre-normal certificate to a class B professional elementary. Corresponding amount of credit may be gained for the advancement of other types of certificates besides securing two-thirds of a year of college credit.

For full description of summer work, see Summer School Bulletin for 1925.

WHERE DO YOU STAND?

The following are some figures which were obtained from a study made at this Institution:

For Alabama towns and cities of five hundred and above, the median salary of an elementary teacher is \$102.00 per month.

The median sized class in the elementary schools of Alabama is forty-one.

The median amount of college training of these teachers is two years of college work.

What is your rating in accordance with these standards?

ALABAMA COLLEGE

offers training which will put you above
the median.
